2026 Impact Report

Our Mission

To enhance learning environments by bridging the gap between educational research and practical implementation.

What We're Doing

We translate complex research into actionable strategies for district leaders through briefs, podcasts and webinars, and offer a collaborative support network for K-12 leaders via forums and symposia.

Our research and engagement network includes...

100+

RESEARCH BRIEFS

400+

MEMBERS

10+

EVENTS ANNUALLY

90 district leaders supported

...across 13 states

Just in the past year, we've added...

10

First Friday Forums

5

Annotated Bibliographies

40

Research Briefs

10

Expert Podcasts and Webinars

Combined with prior years, that means...

100+ actionable research steps provided to school districts nationwide!

So far through our network, we've reached ...

800,000

Students

via engagement with district leaders in...

45 districts

and of our 2026 symposium attendees

100%

Say they are very likely to return and recommend to a colleague

Help us shape the future of learning!

Support LEARN today to improve learning environments for all students.
